

## REFLECTION TOOL

After your young people have tried out their trading activity and have attempted to make a difference to their chosen issue, use some of the questions below to facilitate a time of reflection. Feel free to write up answers, record a video or collect evidence of impact in any way you like.

We'd love you to share your journey with us on social media!

What is going well so far?

What did you know already/what skill did you already have that helped you in this situation?

Is there anything you would like to find out more about?

Are there any skills you would like to develop further?

What was difficult with your trading activity?

What would you do differently next time?

Is there anything you could do to increase your social or environmental impact?

Have you shared your social enterprise activity across the school?  
And with your community?

Is your social enterprise sustainable?

Now you've had a chance to reflect on your social enterprise,  
is there anything you would like to change in your business plan?
