ENTERPRISING LEADERSHIP RESIDENTIAL

FOR EMERGING LEADERS IN COMMUNITY LEARNING & DEVELOPMENT ORGANISATIONS

This residential is for people looking for new ways to do great work in their communities. This includes people in voluntary and community organisations as well as public sector CLD staff.

The 'Community Learning & Development' sector is finding funding hard to come by. Some organisations have tried new approaches to enable the work to continue, despite the current financial climate. This programme is about sharing those experiences and giving you the space to understand the challenges facing your own organisation.
