WHO IS IT FOR?

This program is designed for young change makers **12-16** who are passionate about making a positive change in their communities- and sustaining it.

Social Enterprise Schools' impact on young people's confidence, agency and resilience rivals any program I've seen in a decade of teaching in New York City schools. They give a voice to the voiceless and allow students who might not succeed in a traditional academic environment to flourish and thrive.

PAYMENT DEADLINE: NOV 26, 2023
