PEER SUPPORT

SUPPORTING YOUR COMMUNITY INTO THE FUTURE

The last few months have been extremely challenging for many of our communities and individuals across Dundee dealing with the impact of the coronavirus pandemic. Maybe you have provided your usual services differently or diverted from your core business to serve the community and respond to the crisis. Now as we navigate this new phase, some of you may need to review what you have been doing as you look to renew and re-build your usual services and operations. This forum is an opportunity to connect with peers dealing with similar issues to learn, share, collaborate and identify practical ways of assessing what you need to stop doing, continue doing or (re) start doing.

WHO IS IT FOR?

Any leader or manager in an organisation in Dundee that provides facilities or services for the local community and has been active in response to the Covid-19 pandemic and is trying to plan for the future. **Priority will be given to organisations that have received funding from Foundation Scotland in the last 12 months.**
